

Office365 for EGGS Students

Microsoft Student Advantage

This programme provides access to Office365, a full version of Office, including:

Word, PowerPoint, Excel, Outlook, OneNote, Access and Publisher.

Students can install the software on up to five computers including Windows and Mac. They can also access office mobile applications from a range of mobile devices. The software has the same features and functions as other versions of Office and can be used offline; however students must connect to the Internet once every 30 days to verify they are still eligible for the programme.

How long can I keep my license?

Students enrolled at Epsom Girls Grammar School are eligible for the Office365 License. Students must connect to internet once every 30 days to verify they are still eligible. When the license expires, students retain read-only access to their Microsoft Office files.

Mac or Windows differences

The Windows version contains all current office applications. The Mac version is based on Office2016 and includes Word, PowerPoint, Excel, OneNote and Outlook.

How many devices can I install the software on?

Each subscription licence allows students to install Microsoft Office on up to five computers. Students can also run Office Mobile for Android or iPhone on up to five mobile devices.

What if I have problems?

If you experience any problems or require assistance please email the helpdesk at helpdesk@eggs.school.nz or visit the Student ICT Helpdesk located outside L3.

Installation Instructions

1. Go to <http://portal.office.com>
2. Type in your studentnumber@eggs.school.nz. You will then be redirected to the EGGS login page. Note: This is your login name for the portal, not your email address.
