

## ABOUT OUR STUDENTS

- Attain some of the best academic results for New Zealand
- Have access to a wide range of subjects
- Participate and succeed in a wide range of co-curricular activities.
- Are successful young women leaders, nurtured in a girls-only environment.
- Are equipped to thrive in an inter-connected world, being part of a vibrant multicultural school community.

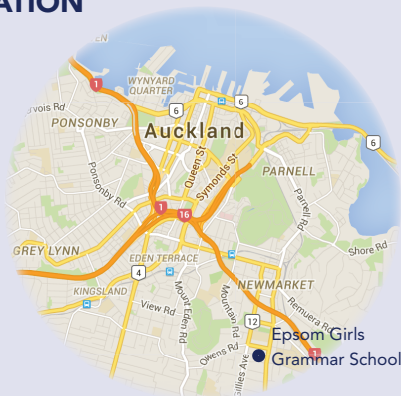

Students value and enjoy the immense opportunities that EGGs provides including competitive sporting environment, expert coaching, and leadership programmes for personal development.

Students are encouraged to achieve personal excellence by both studying subjects in depth and broadening their horizons by interests in a diversity of subjects.

## 2021 RESULTS

Our NCEA results show high levels of achievement across the broad range of curriculum subjects offered at the School. This is important to us as students should be able to feel confident that their school is equipping them well for whichever future direction they may take.

## WHY CHOOSE A GIRLS SCHOOL?

Research continues to show the significant difference an all-girls school can make including academic achievement, self-confidence, social awareness and career opportunities.

Girls learn differently to boys and our teaching is tailored to meet their learning style.

In an all-girls school students have more leadership opportunities, participate more freely in discussions, feel empowered to perform competitively and take healthy risks through new activities and new areas of learning.

## TESTIMONIALS

Lilly-Jo Kutz - Germany

When I first came to EGGs I was overwhelmed by this huge campus. But believe me, all of the students I asked about directions were always really friendly and keen on helping me. The range of subjects and the individual voting system worked really great for me and I had the opportunity to try out a lot of new things that I wasn't able to try out before. Also is

the community and cooperation between students at EGGs extremely great!

Back in Germany I am going to a co-ed school, so being at a single-sex school, as EGGs is one, was a quite new experience. But it's definitely worth it! A lot of the topics taught in the different subjects are just talked about with less reluctance and the girls are more open about even personal topics.

One thing that you need to know about going to a different country to go to school there is that you need to get involved! And this may sound like the typical speech everyone is giving you before leaving your home country but I made a lot of friends in class or extracurriculars after just talking with them and starting to engage myself in the lesson! It is really easy as soon as you open your mouth and actually talk to people to gain friends and knowledge about other cultures which are highly represented at EGGs!

Sarah Kueng - Switzerland

At EGGs, it just felt right from day one. I got a very warm welcome and received every support I could dream of. In addition to the variety of focus areas that I could choose and truly benefit from, I was overwhelmed by the variety of sport clubs, cultural activities or academic groups that the school offers. It is amazing how teachers, locals and the whole community provides support and takes care of you, making the stay in Auckland truly unforgettable.

Additionally, EGGs has given me the opportunity to stay with a wonderful host family who shared their home and their hearts with me. Apart from school activities, they introduced me to beautiful New Zealand and its people. I will never forget what they have done to make me feel at home.

Joining the EGGs cycling team was definitely one of my highlights. Even though I had to get up early in the morning for the trainings, it meant sharing a passion for cycling sport and making true friends.

EGGs as a 'girls only' school was a fresh experience for me. It has turned out to be an excellent decision which allowed me to learn more about myself. It gave me the comfort and freedom rising up as who I am and achieving what I personally want. Wearing an EGGs uniform made me very proud and showed me that I am a member of this terrific school and its community during my time in New Zealand.
